

This job aid provides step-by-step instructions on how to download the JET Mobile App for your device(s).

iOS 9 AND LATER

1. From the phone or tablet browser, type in <https://jm.asmnet.com>.
2. Login to JET Mobile with your Advantage credentials.
3. Tap the **Menu** button.
4. Tap **Get The App**.
5. Tap **Get Latest Version**.
6. A pop up box will appear, tap **Install**.
7. Press the **Home** button on the device and verify the “**J**” icon shows up and has successfully installed on the device.
8. From the device home screen, tap the “**J**” icon to launch the JET Mobile App.
9. Tap **Cancel** if a message reading, “**Untrusted Enterprise Developer**” pops up.
10. Go to the phone's **Settings** > **General** > **Profile (for iOS 9.1)** or **Device Management (for 9.2 or iOS 10** > **Systemsmith, Inc.** > **Trust**.
11. From the device home screen, tap the “**J**” icon to launch the JET Mobile App.
12. Login to JET Mobile with your Advantage credentials.

ANDROID OS

1. Launch the **Google Play Store** App.
2. Search for **JET Mobile**.
3. Select **JET Mobile** from the results list and tap **Install**.
Note: If using an older Android device, install the JET Mobile App for Android 2X/3.X.
4. Once installation is complete, tap the **Open** button, or tap the **Done** button.
5. Find the “**J**” icon from the Apps list and launch it.
6. Login to JET Mobile with your Advantage credentials.
